Fibers of extracellular matrix (ECM)

Carbohydrate (oligosaccharide)

EXTRACELLULAR FLUID

("sugar") Glycoprotein

("sugar") Glycolipid

Filaments of cytoskeleton

Cholesterol

Peripheral protein

Integral protein

CYTOPLASM

Fluid Mosaic Model Colouring

On the back, colour each of the following a different colour. Be sure to include a legend.

-Peripheral proteins

-Integral proteins

-Phospholipids

-Carbohydrates

-Cholesterol

-Cytoskeletons
