

E. L. Crossley Secondary School SCH 4C1– Grade 12 College Chemistry

Teacher: Website:

Ms. J. Kropac mskropac.weebly.com Email: jessica.kropac@dsbn.org Textbook: Nelson Chemistry 12

This course enables students to develop an understanding of chemistry through the study of matter and qualitative analysis, organic chemistry, electrochemistry, chemical calculations, and chemistry as it relates to the quality of the environment. Students will use a variety of laboratory techniques, develop skills in data collection and scientific analysis, and communicate scientific information using appropriate terminology. Emphasis will be placed on the role of chemistry in daily life and the effects of

technological applications and processes on society and the environment.

Prerequisite: Science, Grade 10, Academic or Applied

- A. Scientific Investigation Skills and Career Exploration
- B. Matter and Qualitative Analysis
- C. Organic Chemistry

- D. Chemical Calculations
- E. Electrochemistry
- F. Chemistry in the Environment

Note: The expectations for Strand A will be incorporated into the delivery of the expectations of the other strands.

Assessment and evaluation in this course will be based on the expectations set out in the provincial curriculum documents. Students will be provided with numerous and varied opportunities to demonstrate the full extent of their achievements. A final grade in the course will be determined as follows:

		Weighting	
Term Evaluation	Tests	15%	70%
	Quizzes	10%	
	Assignments	15%	
	Projects/Presentations	15%	
	Labs	25%	
Final Evaluation	Performance Task	10%	30%
	Exam	20%	

Students are evaluated in the following areas:

Knowledge and Understanding Communication

Thinking and Investigation Application

Learning skills will not be included in the numeric grade for the course unless they are part of the provincial curriculum expectations for the course. However, development of these skills is critical to academic achievement. Therefore, they will be assessed throughout the course and will be rated separately on the provincial report card:

Responsibility	Independent Work	Initiative
Organization	Collaboration	Self-Regulation

Students are expected to familiarize themselves with the more detailed and pertinent information found in the E. L. Crossley Student Agenda.

- Attendance: Process is an integral part of this course. Skills are taught, practiced and assessed on a daily basis in the classroom. For this reason, daily attendance is crucial for success.
- **Deadlines:** Students at E. L. Crossley often have numerous and varied commitments tied to the school and its programs. Therefore, students are encouraged to negotiate due dates and deadlines when the need arises. However, negotiations between teachers and students must occur well in advance of the deadline for submission or completion of assignments. In some cases, a window of opportunity or flexible timeline for the submission or completion of work may exist. The nature of some assignments or tasks may necessitate absolute, non-negotiable deadlines for which there can be NO extension.
- **Missed Evaluations**: Absence from scheduled evaluations, such as tests or performance tasks, for unauthorized reasons, is regarded as a serious matter. Students will have the opportunity to complete assignments or tasks missed for legitimate reasons or extenuating circumstances, such as in-school activities, field trips, illness or death in the family. Students are expected to provide a note or other documentation to verify the reason(s) for their absence. The student and the teacher will negotiate rescheduling of assignments/tests on an individual basis.
- **Textbooks**: Students are expected to keep textbooks in an excellent state of repair. Students who return textbooks which are damaged or defaced in any way beyond normal wear and tear will be required to compensate the school for repair or replacement cost.
- Academic Honesty: Students must submit their own work. Plagiarism, including electronic theft, misrepresentation of original work, lying, cheating, theft of evaluation instruments, use of unauthorized aids and/or false representation of identity, will not be tolerated and will result in appropriate penalties.
